### [Family Connections Program: For Parents with Cancer](#)

Provides supportive resources to adult patients who are parents, addressing their needs as parents and those of their young, school age, and/or teenaged children. Age-appropriate information is available through various materials, including:

- Parent information binder for adult patients/adults in the family (digital version available in English and Spanish)
- Age-based packs for children/teens of patients
- Grief information

For more information, please call 617-632-3301 (Social Work main office).

**Visit:** [www.dfci.org/familyconnections](http://www.dfci.org/familyconnections).

### [One-to-One: Connecting with Someone Who's Been There](#)

One-to-One is a volunteer support network that offers matches via telephone for current patients, partners, and caregivers who have experienced the complex issues surrounding high-risk cancer, diagnosis and treatment with current patients, partners, and family members. For more information, call 857-215-1417 or visit: [www.dfci.org/onetoone](http://www.dfci.org/onetoone).

### [SoulMates](#)

For individuals facing a breast cancer diagnosis, connecting to someone with a similar experience can be a great source of comfort. Our SoulMates program matches breast cancer patients at Dana-Farber with volunteers who have been through a similar journey. SoulMates participants can benefit from the insight of a peer mentor who is trained in topics such as listening, problem solving, and confidentiality. These volunteers offer emotional support, practical coping tips, and more. They guide patients to Dana-Farber programs and community resources. Most importantly, they help relieve fears and concerns because they understand what it's like to face cancer. This program is currently open to women of all ages with breast cancer who are receiving their treatment at Dana-Farber. Volunteers must be out of active treatment for at least two years. For more information, call Katie Infantine at 617-237-0498.
